

# Lecture Study Opportunities: May-June 2017!

---

Here is a schedule of all lectures our students in training are doing as part of their internships to becoming Pathwork Teachers. All lectures are offered at no charge, and you are invited to attend as many as you like. As space is limited, RSVPs are required for all lectures. This list is subject to change without notice and new classes are being added. Please check [PittsburghPathwork.org](http://PittsburghPathwork.org) for updates and more detailed descriptions of many of these classes.
